FOR IMMEDIATE RELEASE

INTERSTATE 215 (I-215) BI-COUNTY PROJECT & INTERSTATE 10 (I-10) CONNECTOR CLOSURES

SAN BERNARDINO/RIVERSIDE—Caltrans, District 8 continues construction on the \$170 million high occupancy vehicle (HOV) lane gap closure project. The 7.5 mile stretch of I-215 north of Orange Show Road in San Bernardino to just south of the 60/91/215 interchange will close the HOV gap in both directions.

In efforts to complete the project various bridge work is needed near the Santa Ana River Bridge, the Union Pacific Rail Road Bridge and the I-10 Overcrossing Bridge.

To complete the various bridge work the I-10 connectors will have intermittent closures on various dates and times between **Monday, July 6, 2015 to Friday, July 31, 2015 from 10:00 p.m. to 5:00 a.m.** The closures will affect the following connectors:

- I-215 southbound to I-10 east/westbound
- I-215 northbound to I-10 east/westbound
- I-10 eastbound to I-215 north/southbound
- I-10 westbound to I-215 north/southbound

The I-10 connector closures are in addition to the nightly alternate lane closures north and southbound between Iowa Avenue in Riverside and Orange Show Road in San Bernardino.

Caltrans urges motorists to use alternate routes if possible. Expect delays if you must travel this stretch of highway. Signed detours will be available.

For more information on these and other Caltrans projects, please visit our website and sign up for COMMUTER/MEDIA E-MAIL ALERTS. View traffic conditions at <http://quickmap.dot.ca.gov> or view planned lane closures at www.lcswebreports.dot.ca.gov.

Caltrans asks that motorists please be aware of the work and **SLOW FOR THE CONE ZONE**.
